

Custom Laser Diodes for Unique Applications

Intense's high power, high brightness, QWI enabled™ laser diodes are among the most reliable in the industry. Our patented Quantum Well Intermixing (QWI) technology and state-of-the-art high volume manufacturing process produce lasers designed for the most demanding applications, from pumping to medical imaging to rangefinding.

Custom Design State-of-the-Art Manufacturing

- Custom wavelengths and unique packaging options
- Flexible integration capabilities
- Sophisticated optics design
- Lean, low cost, high volume manufacturing
- US and UK Centers of Excellence
