

MIKROP
PRIME OPTIC SYSTEMS

GUIDING THE LIGHT

**NEW SERVICE
FOR OUR CUSTOMERS!**

The addition of the new Optics Development Department completes our range of services.

Now we are able to offer complete solutions from development to manufacture and assembly of miniaturised optomechanical components between 0,5 and 10 millimeters.

PRIME OPTIC SYSTEMS

– made in Switzerland.

Precise down to the smallest dimensions
... in design, manufacturing and assembly.
